## GRANTED FOR MEET.

TELEGRAM RECEIVED TODAY  
FROM E. M. BUTLER, CHAIR-  
MAN OF THE A. A. RACING  
BOARD.

The action of the American Automobile Association, the national governing body of the sport in this country, has been issued for the Daytona Beach Speed Carnival, the event being March 22nd, 23rd and 24th. A wire from S. M. Butler, chairman of the contest board of the three states, received this morning by Secretary Fitzgerald of the Florida East Coast Automobile Association, contained the information that at a meeting of the contest board at the office of the association in New York, the program and conditions for the proposed beach races were voted as being acceptable to the board, and the sanction number one hundred and thirty-one had been mailed.

Story blanks will now be issued and sent to all automobile factories and exporting agencies in the country, together with a letter soliciting entries for the stock car races as well as the free for all events.

John Christie, the front drive instructor, is anxious to try his newest creation on the beach. A letter has been received from him stating that he was figuring on having his great car shipped with George Holman, the 1908 Vanderbilt Cup winner, at the wheel.

Christie has a wonderfully powerful and fast car and would undoubtedly hold many records for straightaway racing if "hard luck" had not played him so many black hand tricks. Many times during his racing career has Christie had races apparently at his mercy before the opening of the race and smash up his car before the start of the races. A letter was sent Christie urging him to come here and assuring him of a warm reception.

## ADD GOLDFISH TO OTHER ATTRACTIONS.

Along the building of the cement sidewalks on Ivy Lane the rainfall is poured so perfectly in many places on the roadway that the residents of that street are contemplating the purchase of goldfish from the carnival company for the purpose of stocking these miniature lakes and adding another attraction to the Lane. F. D. Davis, the mayor of this avenue, will no doubt also act as fish warden.

## LAUNCH FLORIDIAN AND YACHT REOMAR SOUTHBOUND.

ALLANHURST, Fla., Feb. 18—The launch Floridian, of Daytona, passed through the canal today going south with a large party aboard.

ALLANHURST, Fla., Feb. 18—The launch Reomar, of Detroit, Mich., passed through the canal today, going south bound for Key West and Havana and intermediate points, with A. E. Olds and party aboard.

## INVITATIONS OUT FOR ELK'S CHARITY BALL.

TO BE HELD AT THE PRINCE  
GEORGE HOTEL TOMORROW EV-  
ENING—MUSIC BY TUCKER'S  
ORCHESTRA.

Invitations were mailed yesterday for the Elk's Charity Ball to be given at the Prince George Hotel tomorrow evening under the auspices of Daytona Lodge No. 1141 B. P. O. Elks.

The committee in mailing the invitations undoubtedly omitted many names but it is the desire that all Elks having friends whom they desire invited, hand the names to J. D. C. Morris, Exalted Ruler. All visiting Elks are invited to attend whether they have received invitations or not.

Tomorrow evening's ball will be a very elaborate affair in keeping with all social events at the Prince George Hotel. Music will be furnished by Tucker's Orchestra.

Dancing will commence at 9:00 o'clock and tickets may be procured at either Young's Pharmacy or Hankin's Drug Store upon presentation of invitation or Elk's visiting card.

## THE LYMAN TWINS IN POPULAR MUSICAL COMEDY.

THE MUSICAL FARCE COMEDY,  
"THE PRIZE WINNERS, AT-  
TRACTION AT OPERA HOUSE  
SATURDAY NIGHT.

Notwithstanding the inclement weather of Saturday and Saturday night the Lyman Twins drew a large crowd at the Opera House to witness their popular musical comedy, "The Prize Winners."

The people of Daytona are accustomed to stay closely at home on rainy nights and the large audience that greeted the Lyman Twins was an agreeable surprise to the management of the Opera House, emphasizing the fact that the public is beginning to realize that Messrs. Snead and Weitz are providing Daytona with attractions of more than ordinary merit.

The program, an unusually long one, was full of interest from beginning to end. The twins, Howard C. and Herbert L. Lyman, are extremely clever comedians and are supported by a strong company and splendid chorus. The elegant costuming and constant change fully explained the necessity for a special car carried by the company.

The people of Daytona are partial to comedy and showed their appreciation of the ludicrous situations introduced by the Lyman Brothers, and their able second, Wilbur Martin, as the German baron. The entire performance, in fact, was greeted by continuous and hearty applause throughout the evening.

The song, "I Feel So Foolish," by the twins, sung in combination by them, verse by verse, was extremely funny and brought a storm of laughter and applause from the audience.

It was a fine performance by an excellent company of comedians, actors and singers, backed by a pretty chorus.

## SENATOR TILLMAN MUCH IMPROVED.

WASHINGTON, Feb. 21—Senator Tillman's condition is much improved today and physicians hope for ultimate recovery. He is able to speak a few words and recognize those about him. He is conscious most of the time.

## May Connect Canal With St. Johns In Six Weeks.

With only four thousand feet remaining between the two dredges working toward each other from the canal at the head of the North river and from Pablo Creek on the north it is now believed that there will be an open waterway between Jacksonville and St. Augustine within thirty days or six weeks at the latest, says the St. Augustine Record.

Five machines are now working away, tearing the earth from the line of the cut and hurrying this great project towards final completion. The canal is being cut to a width of seventy feet and to a depth of six feet, at mean low water. Between the dredges are two excavators which are removing the surface earth and thus preparing the way for the dredges which are working towards

each other from the north and the south.

It will not be long before a waterway of sufficient size to permit of the passage of small boats will be completed. This will then be speedily widened until the last link in this great undertaking is brought to a conclusion. There will then be a complete waterway, extending from Jacksonville to Key West.

Capt. Seth Perkins is in charge of the active work of excavation and is keeping in close touch with the work. The other officials of the canal company are also frequent visitors to the scene of operations and are watching with interest for the final end of the work. Sixty days more will see it all complete according to present expectations.

## RESIDENCE RANSACKED AND LATER BURNED.

JOHN E. PRICE RECEIVES UNWEL-  
COME NEWS OF DESTRUCTION  
OF PROPERTY AT COLUMBUS,  
OHIO.

John E. Price, of Orange avenue, received a letter from the caretaker of his home at Columbus, Ohio, dated Feb. 19th, saying that his house had been ransacked from cellar to attic, but no details were given as to the loss.

Last evening a message from Columbus stated that the house with its entire contents had burned to the ground, entailing a loss of fully \$30,000, with a very small insurance. The fire occurred yesterday morning.

## FEELING RUNNING HIGH AGAINST CAIRO NEGROES.

THOSE WHO INSULTED WHITES  
WILL BE PUNISHED WHEN THE  
TROOPS WITHDRAW, DECLARES  
A MOB LEADER.

CAIRO, Ill., Feb. 21—Feeling is intense against negroes who insulted the whites at the funeral of Alexander Halliday, a member of the mob shot by a deputy in the attempted lynching Thursday night.

An acknowledged mob leader today made the statement that no attempt to lynch will be made while the militia is on guard, but as soon as the troops withdraw the insulting negroes will be punished.

All troops are still on duty and another company arrived today.

## 100 DEAD; RESULT OF ENGLISH STORM.

UNIDENTIFIED STEAMER SIGHT-  
ED DRIFTING LAST NIGHT BUT  
UNHEARD FROM TODAY—IS  
FEARED TO BE LOST.

LONDON, Feb. 21—The latest estimate of the fearful storm which has been sweeping England is 100 dead, and the list is constantly increasing.

An unidentified steamer was sighted last night drifting off Cat Craig, Scotland, but she is unheard from today and feared lost.

The storm is general throughout England.

## MARYLAND AMUSEMENT CO. TO REMAIN ANOTHER WEEK.

THE STREET CARNIVAL WILL  
CONTINUE TO LEND GAITY AND  
EXCITEMENT TO THE CITY  
THROUGHOUT THE WEEK.

The Maryland Amusement Company, which pitched its tents on the Beach street parkage last week, has arranged with the city authorities to continue the show through this week, in order to make up for the loss of time occasioned by the unusually bad weather of Friday and Saturday.

The company is a well organized and well conducted aggregation of shows and in the afternoons and evenings, particularly when the lights are on, forms a very attractive feature of amusement for the visitors and townspeople alike, as was evidenced by the crowds around the various booths and shows during the pleasant weather of last week and the unusual number of people upon the street.

The shows will all be open this afternoon and evening, the Ferris wheel and merry-go-round will again attract a crowd, the canaries and the gold fish will be in evidence and the high diver will make his perilous plunge from the dizzy height. Come out and hear the band, see the crowd, throw confetti and have a good time generally.

## ENGLISH PARLIAMENT OPENED THIS AFTERNOON.

LONDON, Feb. 21—The Third Parliament of King Edward's reign opened this afternoon. Great interest is felt owing to the momentous problems confronting the Parliament, which may force another general election.

## GEORGIA MINSTRELS WEDNESDAY NIGHT.

Minstrelsy does not appeal to one class of theatre-goers alone, but to all classes, from the peanut-eating urchin in the gallery to the evening-dressed aristocrats in the boxes. Everyone enjoys the minstrel show. And why? Probably it is because it is an American institution. The play, the opera, the pantomime and musical comedy all had their birth in the Old World but Minstrelsy is strictly of the land of Uncle Sam. In speaking of minstrels, the name of Richards & Pringle's naturally comes to mind. The minstrel company bearing that name is the oldest in the world, and if the press of the country is to be believed, is the best as well. This splendid organization, forty strong, will appear at the Daytona Opera House next Wednesday evening.

## PHILADELPHIA STRIKERS ARE RIOTING.

ALL THE POLICE FORCE AND  
MANY EXTRA OFFICERS RE-  
QUIRED TO STOP THE FIGHT-  
ING.

PHILADELPHIA, Feb. 21—Rioting among the street car strikers was resumed this morning when the company attempted to run cars.

The entire police force and hundreds of extra policemen succeeded in stopping the fights. Because many fighting workmen were found to resume their regular duties, the city is practically in a state of seige. No cars were run throughout the night.

Few cars are running today and thousands were forced to walk to their business.

Union Organizer Pratt says the company is beaten.

Many strike-breakers were reported this morning. There is danger of a general strike as the local Federation sympathize with the strikers. The company and strikers say they will refuse a compromise. From the present outlook a long struggle is in prospect.

Four hundred motormen were gathered together in New York today and are now on their way to Philadelphia. Four hundred more will arrive this evening. Four thousand will be recruited in New York.

The attempted lynching of a motorman in Kensington resulted in injuring forty rioters by the police riding down the mob. Police-Lieutenant Sikes, mounted, dashed into the crowd, rescued the motorman and dragged him several hundred feet into a store, the rope being already affixed to the motorman's neck.

The mob then attacked the conductor and wrecked the car.

A second riot call brought out the police reserves, who charged the mob, wounding forty and arresting twenty.

The Company has ordered all cars from the Frankford barn off the streets as every car run today has been wrecked.

## MARRIES BROTHER OF FORMER HUSBAND.

Mrs. Abbie L. Bartlett, of this place, and Andrew M. Bartlett, of New Haven, Conn., were quietly married Saturday at 8:30 p. m. Rev. W. P. Merrill performed the ceremony, witnessed only by the family of the officiating clergyman, and the brother of the bride, Mayor E. W. Greene and family.

Mr. Bartlett arrived in Daytona Saturday and will make this city his future home. He is a half-brother of S. W. Bartlett, a former resident of Daytona, whom he visited twenty years ago.

He expresses himself as much delighted with the great changes which have taken place since then transforming the little village of those days to the thriving city of the present time.
